A Successful Corporation.

THE

“Tropic” Cooking Stove,

Manufactured by SERGEANT & McCAULEY,
South Elm, Cor. Sycamore,
GREENSBORO', N. C

These Stoves are vastly superior to the great majority of Stoves bought of Northern Manufacturers. The best of material is used in their manufacture, and they have never failed to give entire satisfaction. In addition to the great excellence of these Stoves, there is great advantage to those who buy, in living near the factory, from whence to replace any vessel at short notice that should be accidentally broken.
